## **Grandstream GXV3140 IP Multimedia Phone Wins ITSPA Best Voice CPE Award**

**Brookline, MA (March 11, 2011)** – Grandstream Networks, the leading manufacturer of IP voice/video telephony and video surveillance solutions, today announced that the [GXV3140](#) IP Multimedia Phone was named the winner in the “Best Voice CPE” category at the Internet Telephony Service Providers Association (ITSPA) awards ceremony, held this week at the BT Tower in London. The 2011 ITSPA Awards, now in their third year, celebrates excellence across the VoIP and Unified Communications industry and is open to providers of hardware and software service in both residential and business sectors.

An independent judging panel evaluated the GXV3140 against strict criteria including reliability, user friendliness, design, diversity and innovation.

“I would like to congratulate the 2011 ITSPA Awards winners and finalists as it has been another competitive awards nomination process, incorporating more entrants from across industry,” said Eli Katz, ITSPA Chairman. “The ITSPA Council is keen to build on this success and welcome all entrants, both members and non-members to participate in the work of the trade association going forward.”

“We are delighted to be named the winner for Best VoIP CPE for this year’s ITSPA awards, which recognizes the best solutions for realizing the technical innovation and financial benefits of VoIP,” said David Li, CEO of Grandstream. “We share this award with our reseller and service provider partners worldwide who consistently embrace Grandstream CPE products that deliver market leading IP voice and video solutions with unrivaled value and user experience.”

Details of the 2011 ITSPA Awards can be found [here](#).

### **About GXV3140 IP Multimedia Phone**

The GXV3140 brings affordable visual communications to the masses and allows consumers and SMB/SMEs to strengthen relationships with business colleagues and customers, as well as keep in touch with family and friends. Additionally, the GXV3140 marries real-time Web and social multimedia applications with FREE two-way or three-way IP video and voice calling out-of-the-box. The GXV3140 is the industry’s first desktop IP multimedia phones compatible with both Skype and SIP open standards for voice & video calling. No service contract or additional monthly fee is required to use Skype for video calling.

### **About ITSPA ([www.itspa.org.uk](http://www.itspa.org.uk))**

ITSPA is the UK’s industry body for Internet Telephony Service Providers. Founded in 2004, with over 60 members, ranging from the largest Tier one operators to the new entrants, providing services to millions of consumers and businesses.
